IZOMAT MTB CUP 2023

CZECH MTB CUP XCO

20.-21.5. 2023
ZADOV - Ski area

I would like to greet all fans of cycling and mountain biking especially,

I am pleased to address you on the occasion of the Czech Mountain Bike Cup in Zadov, South Bohemia in 2023. Top international sporting events, whose rich tradition here dates back to 1995. An event that can already be included without exaggeration, if not alongside of the World Cup in Nove Mesto, so just behind it. This is confirmed by the annual participation of almost a thousand

competitors, and not only Czech but also foreign. It can only be mentioned at random that last year, in addition to the Czech riders, cyclists from Colombia, South Africa and New Zealand, for example, pushed their pedals here. Therefore, I am not surprised that the organizers do not rest on their laurels and intend to take this sports holiday to an even higher level. Specifically, in the UCI horse class category, which is the quality of the top 10-15 races in the world, following World Cups and World Championships. Which I congratulate them on.

I would then like to wish the participants and the grateful spectators the best sports enjoyment. I want to thank the organizers for the great promotion of our region.

In addition, I am inviting everyone to not hesitate to visit South Bohemia again at any time. Whether with or without a bicycle. Discovering the beauties of our region, and the Šumava in particular, is really worth it.

MUDr. Martin Kuba
Governor of the South Bohemian Region

Dear friends,

Let me greet you in connection with the holiday of cycling and sports in general, which takes place in our village on a regular basis. Special thanks to the Zadov Ski Resort and the Bike Club Vimperk.

I am very glad that sport as such is a tradition in Zadov, but also in the whole village of Stachy.

Šumava (Bohemian Forest) is first and foremost beautiful nature, but also an area that directly encourages all visitors to sports. Zadov Ski Resort is such a sport's gate of the Bohemian Forest, dozens of major sporting events take place here every year, whether mountain biking, alpine and cross-country skiing, biathlon, etc. It is also no coincidence that Stachy can boast "world" athletes. Zadov, as her second home, for the Olympic winner and world champion in cross-country skiing Katerina Neumannova, today they are mainly young cyclists Jan Saska and Tereza Saskova, but we must not forget the smaller ones, but also successful skiers, biathletes and cyclists... Stachy simply has great tradition and history in sports and therefore in today's difficult times we try to support this activity within our means.

I wish you to draw the „Šumava power“ into your battles, a lot of success and joy and especially "health at the finish line"!

Ing. Petr Lampa
mayor of Stachy

Course safety Map

ŠUMAVA, STACHY, ZADOV a okolí

SKI AREÁL ZADOV is one of the largest sports area in Šumava and is part of the village Stachy.

Šumava (Bohemian Forest) are mountains on the borders of the Czech Republic, Austria and Germany with a length of 190-200 km, the highest mountain is Grosse Arber (Germany, 1456 m.n.m.). The German side of the Šumava is called the Bavarian Forest. The central parts of

the Šumava/Bavarian Forest are now protected as national parks. Together they form one of the most famous and with a total area of more than 900 km² also one of the largest bilateral National Parks in Europe. In 1963, the Protected Landscape Area of Šumava was established on the Czech side of the Šumava Mountains. Its rarest parts were declared the Šumava National Park in 1991 (68,064 ha). The Bavarian Forest National Park was declared on the German side in 1970.

The village of Stachy (www.stachy.net) is the center of a large recreational area formed by the Stachy basin between Javorník and Churáňov. It lies 12 km northwest of the town of Vimperk, on the border of the Protected Landscape Area of Šumava at an altitude of 740 m. It is part of the district of Prachatice, South Bohemian Region. 5 kilometers from the village center is located SKI AREA ZADOV (www.lazadov.cz) 890-1120 m.n.m.

One of the most famous Czech ski resort offers year-round sports and recreational activities for skiers, cyclists and tourists. Zadov is a part of the village of Stachy and the first mention of the settlement comes from the 19th century. Today, there is a modern ski area, which offers visitors 7 slopes (4.5 km), 2 cable cars and 5 ski lifts, cross-country ski stadium, rope park, lookout tower on the former ski jump and other attractions. Accommodation capacity offers around 2000 beds.

Tips for trips to see in Zadov and the surrounding areas...

Zadov has beautiful surroundings and it is definitely worth going directly to Zadov and Churáňov for a trip, whether on foot or by bike.

Our tips: **Lookout tower** on the former ski jump - a unique lookout tower with 158 steps and a platform at an altitude of 1109 m.n.m. with beautiful views of southwestern Bohemia is one of the biggest attractions. You can walk to the lookout tower, ride a bike or the Zadov-Kobyla cable car, you can rent off-road scooters for the way down, those who like adrenaline can use one of the Enduro lines for mountain bikes. Who loves nature will definitely not want to miss the **Churanov Nature Trail** (6.5 km, 10 stops), which is a circuit and starts, for example, at the Buffet under the stadium, where it is possible to park. The trail has 10 stops with information panels, which offer you information about the local fauna and flora, as well as the local famous writer Karel Klostermann. You will walk through beautiful places such as the Losenice river valley, Klostermann's rocks or Churanov hill with a meteorological station. And if Zadov is small, be sure to visit other beautiful places in Šumava such as **Kvilda** (Kvilda Visitor Center - park with deer and lynx, St. Stephen's Church, National Park Information Center, Vltava Springs), **Borová Lada** (Owl Aviaries, Chalupska moss), **Modrava** (Visitor Center) or **Srní** (Visitor Center - park with wolves, Vchynice-Tetov Canal) ... a.o.
