## ŠUMAVA, STACHY, ZADOV a okolí

**SKI AREÁL ZADOV** is one of the largest sports area in Šumava and is part of the village Stachy.

**Šumava** (Bohemian Forest) are mountains on the borders of the Czech Republic, Austria and Germany with a length of 190-200 km, the highest mountain is Grosse Arber (Germany, 1456 m.n.m.). The German side of the Šumava is called the Bavarian Forest. The central parts of

the Šumava/Bavarian Forest are now protected as national parks. Together they form one of the most famous and with a total area of more than 900 km<sup>2</sup> also one of the largest bilateral National Parks in Europe. In 1963, the Protected Landscape Area of Šumava was established on the Czech side of the Šumava Mountains. Its rarest parts were declared the Šumava National Park in 1991 (68,064 ha). The Bavarian Forest National Park was declared on the German side in 1970.

The village of Stachy ([www.stachy.net](http://www.stachy.net)) is the center of a large recreational area formed by the Stachy basin between Javorník and Churáňov. It lies 12 km northwest of the town of Vimperk, on the border of the Protected Landscape Area of Šumava at an altitude of 740 m. It is part of the district of Prachatice, South Bohemian Region. 5 kilometers from the village center is located SKI AREA ZADOV ([www.lazadov.cz](http://www.lazadov.cz)) 890-1120 m.n.m.

One of the most famous Czech ski resort offers year-round sports and recreational activities for skiers, cyclists and tourists. Zadov is a part of the village of Stachy and the first mention of the settlement comes from the 19th century. Today, there is a modern ski area, which offers visitors 7 slopes (4.5 km), 2 cable cars and 5 ski lifts, cross-country ski stadium, rope park, lookout tower on the former ski jump and other attractions. Accommodation capacity offers around 2000 beds.

### Tips for trips to see in Zadov and the surrounding areas...

**Zadov** has beautiful surroundings and it is definitely worth going directly to Zadov and Churáňov for a trip, whether on foot or by bike.

Our tips: **Lookout tower** on the former ski jump - a unique lookout tower with 158 steps and a platform at an altitude of 1109 m.n.m. with beautiful views of southwestern Bohemia is one of the biggest attractions. You can walk to the lookout tower, ride a bike or the Zadov-Kobyla cable car, you can rent off-road scooters for the way down, those who like adrenaline can use one of the Enduro lines for mountain bikes. Who loves nature will definitely not want to miss the **Churanov Nature Trail** (6.5 km, 10 stops), which is a circuit and starts, for example, at the Buffet under the stadium, where it is possible to park. The trail has 10 stops with information panels, which offer you information about the local fauna and flora, as well as the local famous writer Karel Klostermann. You will walk through beautiful places such as the Losenice river valley, Klostermann's rocks or Churanov hill with a meteorological station. And if Zadov is small, be sure to visit other beautiful places in Šumava such as **Kvilda** (Kvilda Visitor Center - park with deer and lynx, St. Stephen's Church, National Park Information Center, Vltava Springs), **Borová Lada** (Owl Aviaries, Chalupska moss), **Modrava** (Visitor Center) or **Srní** (Visitor Center - park with wolves, Vchynice-Tetov Canal) ... a.o.
